Authorization for Retrieval of Prescription History

Alaska Family Care Associates, LLC utilizes an electronic medical record system that can retrieve information about prescriptions that have been paid for by insurance. Retrieving that history gives the physicians complete information that will assist them in providing the best care and helps to assist in unwanted prescription interactions.

Please select one of the following options:

I authorize Alaska Family Care Associates, LLC to retrieve my prescription history.

I decline retrieval of my prescription history by Alaska Family Care Associates, LLC.
